Rebekah Marczak supervises our Customer Service and Claims teams, and has done so since 2005. She is responsible for streamlining the customer service workflow, establishing company standards, and helping her teams reach their respective service goals. Rebekah is fascinated by the employee benefits industry and its changing nature. She is certified by [www.hrcertification.com](http://www.hrcertification.com) in benefits administration, and enjoys the continuous learning involved with her position at Acclaim Benefits.

Hailing from Grantsburg, WI, Rebekah is perhaps our proudest "cheesehead." She attended the College of St. Scholastica in Duluth, where she earned a Bachelor's degree in Management and Marketing. She loves the changing seasons of Minnesota, and relishes every opportunity to play in the snow.
