

DEBIT CARD

Simplify your FSA!

The Debit Card is a debit MasterCard® used exclusively to access the funds in your **Flexible Spending Account (FSA) Plan** to pay for eligible healthcare and/or dependent care expenses. Rather than paying out-of-pocket and waiting to be reimbursed, you will now be able to utilize the Debit Card to pay for qualified expenses at the point of purchase. The amount of the purchase is automatically deducted from your FSA balance and paid directly to the healthcare or dependent care provider. **No more reimbursement request forms and waiting for a reimbursement!**

Where Can the Debit Card Be Used?

The Debit Card may be used at authorized merchants, healthcare providers, and dependent care providers who accept debit MasterCard® for eligible products or services, which are reimbursable under your FSA.

Merchant Types

Medical Clinics and Hospitals
Dental Offices
Hearing and Vision Care Centers
Pharmacies (including mail order)
Over-the-Counter Sales
Dependent Care Centers

Simply present the Debit Card to pay for the eligible expense and the card system will verify your active status and availability of funds. The amount of the expense is then automatically deducted from your FSA balance. You must keep the itemized documentation of the expense in the event you need to verify its eligibility.

How to Request a Debit Card <see your plan options>

Once you are enrolled in the **Flexible Spending Account Plan** (Healthcare FSA and/or Dependent Care FSA) you may request the debit card by logging in to your account at www.acclaimbenefits.com. You may also request one additional Debit Card for your spouse or dependent at no charge online at www.acclaimbenefits.com.
